Guidelines for Revision of Entitlements for Severely Underweight (SUW) Children (6 months to 6 years)

The per child ration cost for Severely Underweight (SUW) children in the age group of 6 months to 6 years has been enhanced from ₹14 per day (₹8 under Supplementary Nutrition Programme (SNP) and ₹6 under Mukhyamantri Sampurna Pushti Yojana (MSPY)) to ₹18 per day (₹12 under SNP and ₹6 under MSPY). This revision brings SUW children at par with Severely Acute Malnourished (SAM) children in terms of nutritional cost norms. The enhancement entails an increase of ₹4 per child per day out of Supplementary Nutrition Programme(SNP).

1. Scope and Applicability

- These revised guidelines shall apply exclusively to **Severely Underweight (SUW) children aged 6 months to 6 years** enrolled at Anganwadi Centres (AWCs).
- It is hereby clarified that **there is no change in the existing entitlements for Moderately Acute Malnourished (MAM) children**, and the current provisions for MAM beneficiaries shall continue as per existing guidelines without any modification.

2. Objective of Revision

The revision in entitlements is aimed at:

- Improving the entitlements for SUW children.
- Enhancing the quality and diversity of food provided.
- Preventing progression from underweight to severe acute malnutrition.
- Supporting early recovery and improved growth outcomes.

3. Revised Nutritional Norms and Menu

In view of the revised cost norms, the menu for SUW children has been appropriately revised. The **revised entitlement for SUW children aged 6 months to 3 years and 3 years to 6 years is enclosed in Annexure – 1**. All ICDS field functionaries shall

strictly adhere to the prescribed entitlement. The entitlements shall be provided in accordance with the operational framework and feeding protocols under MSPY and SNP guidelines.

4. Implementation Timeline

The revised entitlements and menu shall be implemented with effect from **1st June 2026** across all Anganwadi Centres in the State.

5. Supply of Entitlements by SHGs and AWWs

- Raw materials shall be procured only from reliable and known suppliers, and the materials must conform to the applicable FSSAI standards and regulations. Each consignment should be checked at receipt for visible deterioration, off-odour, foreign matter, infestation, packaging damage, and, in the case of packaged items, expiry/best before/use by date and storage condition. Materials that do not meet the required specification shall not be accepted. Procurement records, including the source of each raw material, shall be maintained for inspection and traceability.
- All entitlements are to be prepared as per the recipe provided in Annexure – 2 and distributed to the beneficiaries on the 1st of every month at AWCs.
- Banana/seasonal fruits and Eggs are to be supplied to the beneficiaries by the AWW at the AWC on weekly basis. Banana/seasonal fruits and eggs shall be procured from hygienic and reliable sources as per food safety norms. Only fresh, clean, and good-quality products free from spoilage, infestation, cracks, or contamination shall be accepted for distribution. Items shall be handled, transported, and stored hygienically to prevent contamination, and records of procurement shall be maintained.

6. The fund flow mechanism for the revised entitlements shall be as follows:

- ₹12 per child per day shall be booked under the **Supplementary Nutrition Programme (SNP)**.
- ₹6 per child per day shall be booked under the **Mukhyamantri Sampoorna Pushti Yojana (MSPY)** head.
